Chess Emblem Collection

"Climbing up on the fireplace mantel, she pokes at the wall-hung mirror behind the fireplace and discovers, to her surprise, that she is able to step through it to an alternative world. In this reflected version of her own house, she finds a book with looking-glass poetry, "Jabberwocky", whose reversed printing she can read only by holding it up to the mirror. She also observes that the chess pieces have come to life, though they remain small enough for her to pick up"

Thank You

It was raining on that 20<sup>th</sup> of November. The day we first opened our doors to a line of beautiful princes and princesses. After many sleepless nights to ensure perfection, there could be no greater gift than the smiles that were met with. A conglomerate of excitement that could not be dampened by the weather. Since that day 5 years ago, many such rainy days have been made bright by our clients. Thank you for your never ending support and patronage. We hope to be able to serve you for many years to come.
